Design

Electrified

Concealed

Die-Mitered Multi-Corner Assembly

18-Gauge A40 Galvanneal Steel

Complies with  
ANSI A250.8

### Additional Options:

- Special profiles
- Paintable galvanneal (unprimed) finish
- 16-Gauge A40 galvanneal steel
- G90 galvanized steel

#### 1. Durability and Security

**Robust Construction:** Commercial steel frames are crafted from high-strength steel, ensuring they can endure heavy use and resist impacts. This makes them ideal for high-traffic areas and environments where durability is crucial.

#### 2. Low Maintenance

**Resilient Surface:** The steel construction resists dents, scratches, and rust, ensuring that the frames maintain their appearance and functionality over time. This durability reduces the need for frequent repairs or replacements.

#### 3. Energy Efficiency

**Cost and Environmentally Friendly:** By improving energy efficiency, these frames contribute to lower heating and cooling costs, offering long-term savings. Additionally, their energy-efficient design supports environmental sustainability by reducing energy consumption.

- Effortless Installation
- Expedited Delivery
- Post-Drywall efficient Installation
